February 16, 2026

The Town of Livonia Receives 5 Trash Receptacles Through Keep Louisiana Beautiful Grant to Prevent Litter at Livonia Community Center & Park.

(Livonia, Louisiana) – The Town of Livonia is pleased to be selected as one of the 47 recipients of the 2025-26 Keep Louisiana Beautiful Trash Receptacle Grant Program made possible with funding from the State of Louisiana and Office of the Lieutenant Governor. The Town of Livonia will install five trash receptacles at the Livonia Community Center & Park.

Through the 2025-26 Trash Receptacle Grant Program, Keep Louisiana Beautiful awarded 230 receptacles to 47 organizations in 31 parishes.

As part of the requirements of this grant, the Town of Livonia will perform a post installation litter scan and compare the data collected to preliminary scan results. Data will be shared with the public once available.

“Keeping Livonia clean isn’t just about appearances - litter directly impacts our health, our property values, and the pride we take in calling this community home,” says Mayor Rhett Pourciau, Town of Livonia . “With these new receptacles installed, we will be able to reduce litter and keep our community clean and beautiful.”

“Recent data collected by Keep Louisiana Beautiful shows a reduction of litter by 78 percent in areas where trash receptacles are properly installed and maintained,” says Susan Russell, KLB Executive Director. “One of our organization’s key initiatives is to help build infrastructure that supports clean, beautiful communities. Funding trash receptacles is one way we do that. Congratulations to the Town of Livonia for being selected as a 2025-26 Trash Receptacle Grant recipient.”
